

SPCA of Tompkins County

In the past 13 years, the number of local cats and dogs who have come to the SPCA needing our help has steadily declined. Having fewer local dogs in our care allows us the opportunity to transfer more dogs from other parts of the country where they would not so easily be adopted.

The number of animals who were spayed or neutered through our low-cost spay/neuter clinics decreased in 2020 and 2021 due to holding 17 fewer clinics because of the COVID-19 pandemic.
